Lions Hear Address From R.C.M.P.

Constable Wm. Shields Calls For Leadership to Combat Juvenile Delinquency.

Coleman Lions have been the first in the Pass to take advantage of the new RCMP policy of addressing service clubs, schools, churches, etc., in an effort to bring the Force much closer to the juvenile and the parents and thus help combat juvenile delinquency throughout the Dominion. On Monday evening Constable Wm. Shields, of the Blairmore detachment spoke to the Lions club on "Juvenile Delinquency."

He stated that there are four main principles involved in juvenile delinquency, of these one is the lack of a sense of social responsibility which appears to be a predominant characteristic in many of our younger people. They appear to have a philosophy of "Go-getting" instead of "Go-giving." There was a time when people could be individualistic, however, that is past, we have to be tremendously interdependent on each other. Individuals need each other, the church needs the school, and the school needs the church, and the police need the assistance of the church, school and home.

The second principle is that we spend too much time stressing the negative aspects of juvenile delinquency. A juvenile is delinquent not because of what he does, but because of what he does not do. One thing a juvenile needs more than anything else is an opportunity for self-expression.

Another important fact is that of education. The average school teacher leaving Normal school may or may not have the necessary qualifications to give the children of their community the necessary leadership and inspiration and direction that ought to be given.

The juveniles character for the future will depend largely upon his home conditions. How well the parents get along with each other leaves a marked impression on the child. If the parents conduct themselves in an honorable and sincere manner, the child will learn from them to be sincere and truthful in his actions. However, if he notices that his mother and father are not given to telling the truth at all times and use foul language in their home, they will tend to weaken the character of their child. The importance of good character is without meaning to young boys and girls whose parents are not sincere in their dealings with other people and with each other. The importance of character is not fully realized by the children until they begin to seek employment for themselves.

Notice to Coleman Light & Water Consumers

A special temporary discount has been allowed all light and water users in the Town of Coleman. This discount is free light and water services for September, 1946. Your monthly account has been issued as usual, but your account will not be charged as the statement is for your information only.

COLEMAN LIGHT & WATER CO., LTD.

MEAT, BUTTER COUPONS INVALID ON OCTOBER 31 EXPLAINED BY PRICES BOARD

Edmonton, Alta., October. Meat coupons Q-1 to Q-4 in the No. 5 Ration Book and M-51 to M-55 in the new book and butter coupons R-18 to R-21 in the old book and B-26 to B-28 in the new, will be come invalid for the purchase of these commodities after October 31, the Ration Administration of the Wartime Prices and Trade Board announced today.

At the same time all temporary ration coupons for butter, meat and sugar, unnumbered and bearing a beaver design, will also expire in the nads of consumers. "Beaver" coupons for evaporated milk, only, will continue to be valid.

Consumers holding unused "Beaver" coupons may, on application to a local ration board, have them exchanged for the newly-issued "Buffalo" coupons.

Milk Inquiry Scheduled For Blairmore, Oct. 22

Board of Public Utilities to Hear Arguments on Milk Price in Pass; Set for 10 a.m. in Court House.

Oct. 22 has been the date set by Mr. G. M. Blackstock, chairman of the board of Public Utility Commissioners, for the hearing into the price of milk as it prevails in the Pass towns. The hearing will be held in the Court House starting at 10 a.m.

The hearing is the direct result of a petition circulated by Bellevue and Hillcrest miners protesting against the milk prices in the Pass towns. Now that the federal subsidy has been eliminated it is further feared that another two cent loss per quart will be made.

Pass milk producers, faced with the loss of the federal subsidy, will undoubtedly seek an increase in price to compensate for the loss of the subsidy. If granted a price boost the milk will most certainly go up. However the producers have agreed to supply milk to the distributors until they can present their case to Mr. Blackstock and receive his judgment.

Coleman town council will be represented at the hearing by its town solicitor, Mr. Sam Bannan.

NEW CLOSING HOURS FOR LOCAL GARAGES

Attention of motorists is directed to the advertisement appearing in this issue signed by the local garages.

Starting on Oct. 19 and continuing throughout the winter months all garages and service stations will close promptly at 7 p.m. In the past the garages have been closing at 7 p.m. on week days and at 9 on Saturdays. As a result of the new ruling the Saturday closing hour is brought forward to 7 p.m.

Teachers' Proposed Salary Schedule Listed

Propose to Start Elementary and Intermediate Teachers at \$1500.

A special meeting of the board of trustees was held on Friday evening for the purpose of meeting Mr. J. W. Barnett, bargaining agent for the Alberta School Teachers' Association on the proposed new salary schedule. Also present were the personnel of the local teachers' committee.

Mr. Barnett stressed the necessity

| | Min. | Max. |
|--------------------------------------|---------|---------|
| Elementary and Intermediate Teachers | \$1,500 | \$2,000 |
| High school teachers | 1,900 | 2,600 |
| Principal | | 3,200 |
| Vice principal | | 2,800 |
| Other principals | | 2,200 |

University degrees from \$50 to \$500, the average approximately \$250.

Following the presentation of the schedule Mr. Barnett and the teachers' committee retired from the room in order that the trustees could study the schedule and decide whether they approved or disapproved.

Mr. Sam Bannan, was present to represent the Blairmore school.

Western Canada Firebosses Assoc. Seek New Agreement

To Work On Old Agreement Pending Settlement of Operators With UMW and Ratified By Ottawa.

On Saturday, Sept. 30 coal operators of the Crown West Pass from Bellevue to Fernie and the Western Canada Firebosses Association met at Coleman to open negotiations for a new contract as the agreement between the operators and the association had expired on Sept. 30.

Due to the operators already being busy negotiating a new wage agreement with UMW officials it was mutually agreed that the firebosses work on the old agreement until an agreement between the operators and UMW had been reached and ratified by Ottawa.

VAN MAARIONS LEAVE SENTINEL

Mr. and Mrs. John Van Maarion left Sentinel on Friday to spend two months vacation at Calgary and other prairie points visiting relatives and friends.

Mr. Van Maarion has resigned his position as superintendent at Sentinel Power plant, a position he has held since October, 1941. Prior to that time he was chief engineer at the city power plant at Lethbridge. He has no plans for the future following his vacation.

During his residence at Sentinel Mr. Van Maarion was most active in Coleman Lions club and at one time was its energetic secretary. Prior to her departure Mrs. Van Maarion was honored at several social evenings.

YOUTH ACCIDENTALLY SHOT ON SATURDAY

A West Coleman youth accidentally shot himself according to a police report given The Journal on Monday morning. It is stated that the youth had been rabbit hunting with a .22 when the rifle accidentally discharged lodging a bullet in his thigh. He required medical attention to have the bullet removed.

BARN BURNED TO GROUND SATURDAY NIGHT

On Saturday night a barn owned by Mr. and Mrs. Lant on Blairmore Road was burnt to the ground.

Some youngsters had been playing in the barn with matches, unknown to the parents. At approximately 6 p.m. they accidentally set some hay on fire. They failed to tell anyone and the fire was allowed to smolder until about 9 p.m. when it was discovered, it now having a firm hold on the building. Being out of the town limits and far from a fire hydrant the fire was soon out of control. Luckily the wind was not blowing and the barn was far enough away from homes so that they were out of the danger zone. In addition to the loss of the barn two tons of hay and several sacks of oats as well as miscellaneous items were completely destroyed.

Coleman Miners Voted In Favor Of New Agreement

On Monday Coleman miners voted on the question "Are You In Favor of The New Agreement?" 489 voted yes while 126 voted no. There were 7 spoiled ballots.

On Sunday evening a union meeting was held at 7 o'clock for the purpose of hearing Tom McCloy, of the Calgary office, UMW, explain the new contract in order that the men might have a thorough knowledge of its various clauses before they voted upon it. Blairmore voted 255 yes, 161 no.

ELKS TO MAKE MERRY AT ANNIVERSARY DANCE

Coleman Elks and their wives and sweethearts are preparing to make merry on Friday, Oct. 25, when they will celebrate the 21st anniversary of the club organization.

A sumptuous banquet is planned at which time a few of the key officials will say a few words as well as officials from outside lodges who will be in attendance. Following the banquet the decks will be cleared and a dance enjoyed until the wee hours of Saturday morning.

HELD DANCE

Coleman high school students held their first dance of the fall season in the Community hall on Friday evening. A good attendance was present from all Pass towns.

TOWN OF COLEMAN

Notice is hereby given, that under the provisions of The Tax Recovery Act, the following lands will be offered for sale by public auction, by the Town of Coleman, at the Town Office, Coleman, Alberta, on Tuesday, the 15th day of October, 1946, at 10 o'clock in the forenoon:

Lots Block Plan
Pt. S.E. 8 ... 845 Unsubdivided

Each parcel will be offered for sale, subject to the approval of the Minister of Municipal Affairs, and subject to a reserve bid, and to the reservations contained in the existing certificates of title.

Terms cash, unless otherwise arranged.

Redemption may be effected by payment of all arrears of taxes and costs, at any time prior to the sale.

Dated at Coleman, Alberta, this 22nd day of August, 1946.

G. LEES,
Secretary-Treasurer.

Alberta Weeklies Held Convention At Lethbridge

Clive Nesbit, of Brooks, New President; City Gives A Royal Welcome to Newsman

Weekly newspaper men and their wives gathered at Lethbridge on Friday and Saturday for the annual convention of the Alberta division, C.W.N.A. President Arthur H. Avery, of Taber, presided.

The city of Lethbridge and its various organizations once again went "all out" to welcome the visiting scribes to the southern metropolis. Banquets were sponsored by the City of Lethbridge, Lethbridge Herald, Board of Trade, Mid-West Paper Sales, Barber Ellis of Alberta, Provincial government and a trip to Waterton on Sunday by the Lethbridge Junior Chamber of Commerce. On Sunday afternoon the Lethbridge Board of Trade took the visitors to Picture Butte where an inspection was made of the sugar refinery.

In attendance were the Canadian Weekly Newspapers' Association president, Major W. Ashfield of Grenfell, Saskatchewan, also the new managing director W. E. McCarthy, of Brampton, and assistant managing director E. Seaborn, of Brampton.

Principal speakers at the various banquets included Hon. A. J. Hooke, for the provincial government, Senator W. A. Buchanan, of the Lethbridge Herald, A. W. Shackleford, Board of Trade, president Charles Bryant, ex-mayor David Elton, K.C.

The trip to the sugar refinery was interesting. Outside the factory were huge dumps of sugar beets which were constantly being added to by streams of trucks from the fields. Of interest to the Pass newsmen were the coke dumps which is shipped by Michel. There was a lime stone dump which is constantly fed by the lime stone from the Frank slide. The coal is supplied from nearby Shaughnessy mines.

The noise inside the factory proper is terrific and the guide had to talk close to one's ear in order to make himself heard. The tour through the factory took one from the point where the beets were thoroughly washed until the fine grains of sugar were being packed into paper bags and sent to the

Answer To Last Week's Puzzle

WORLD HAPPENINGS BRIEFLY TOLD

German prisoners helped dig out a 2,400-pound German bomb dropped at Southampton, Eng., in 1942.

The U.S. National Foundation for Infantile Paralysis announced that the 1948 March of Dimes realized \$15,982,130.

Sheep-breeding is declining in Lincolnshire, Eng., because it is hard to find shepherds willing to work during week-ends.

Cost of demolishing air raid shelters erected in Sydney, Australia, early in the war will be about \$1,600,000, Sydney aldermen have been told.

Drought and other unfavorable causes have forced the Presidium of the Supreme Soviet to postpone the end of bread rationing in Russia until next year.

An award was made to Ronald Carroll, 22, of Liverpool, England, who dived 60 feet from a port-hole in the liner Queen Elizabeth to rescue a drowning man.

Toronto war veterans came home well armed from their overseas tour. Police have registered about 6,500 firearms brought back by city soldiers, officials said.

M. Ernest Bore, 96, who drove the first Canadian-made automobile, died at his home in Toronto. He also was believed to be the first motorist to drive from Toronto to Ottawa.

Neglecting to heed the injunction to "Stop, look, listen" at highway-railroad crossings killed 121 persons and injured 470 in 1946, the Dominion bureau of statistics reported.

Will Be Expensive

Rocket Research Stations To Be Built In Britain Costing \$80,000,000

Britain will spend £20,000,000 (\$80,000,000) to build rocket research stations during the next three years, the Daily Express stated.

The report added that annual running costs of the stations were estimated at £10,000,000.

Main objects of research would be guided anti-aircraft missiles, and "long-range defensive rockets", the Express declared.

Considerable sums also were earmarked for development of trans-Atlantic passenger rockets, while possibility of developing inter-planetary space ships would be investigated.

Volcanic dust is used for insulation.

KHYBER PASS

The Northern Gate To India, Ever Under Guard

PESHAWAR, India.—In war or peace, conditions remain unchanged in Khyber Pass: the northern gate to India swings on reluctant hinges and the men who guard it are at perpetual alert.

Its rugged black cliffs have known invading armies since Macedonians, Mongolians, Persians and many others passed this way with violence. Modern British guardians take no chances. The countryside from the Afghan frontier to Peshawar—and on beyond—is a military concentration, its strength in man and materials a secret.

Inside the pass, mountain slides bristle with hidden gun positions, lofty block houses, high-walled forts, barbed wire entanglements and concrete tank traps. The scant flow of traffic to and from Afghanistan is constantly in view of trained observers secreted in winding underground installations.

The constant vigilance and rigid security, the British Indian army explains, are directed at unruly mountain tribesmen.

But it is no secret that the vast network of frontier fortifications is a bulwark against the possibility of foreign invasion.

"There's really no trouble at present," said a British officer. "It's usually quiet. But this has been a blood land for 2,000 years. We don't dare relax even in times of peace."

No Relief In Sight

Astronomer Says Sun Spots Will Continue For At Least Another Year

Spots on the sun, some of them as big as the earth, will continue to disrupt radio, wireless and telegraph facilities for at least another year, Dr. John Q. Stewart, Princeton university astronomer, said.

And even then the world will get only a comparatively brief respite from this solar phenomena. That's the way it goes with these pesky sun spots, Stewart explained. One cycle is no more completed than another one starts. It usually takes about 11 years for the maximum to be reached.

Astronomers don't know too much about the sun spots, but they believe they are huge hurricane winds and storms sweeping over the visible surface of the sun.

Stewart said that the spots probably are the cause of "electrified" aurorae, some of which penetrate the earth's atmosphere, playing havoc with the orderly state of electronic affairs.

It is theoretically possible that the sun could be turned into one big spot. In such a case, the sun would have a red glare, rather than its yellow color.

Such a phenomena also might cause Arctic conditions on the earth. That would be bad, scientists agree.

ALWAYS GOOD SPORT

Winston Churchill has always manifested a bland disregard for railway schedules and his habit of catching a train by the skin of his teeth has always been an anxiety to his travelling companions. A friend once chided the statesman for his little weakness. "Winston is such a sportsman," explained Mrs. Churchill, "he always gives the train a chance to get away."

Youth Of Europe

Although Spirit Appears Broken Hope Is Seen For Their Salvation

Although the youth of central Europe appear broken in spirit, hope for them lies in such a rallying point as Dr. Hans Lilje, assistant bishop of Hanover, one of the most heavily bombed cities of Germany, the Rev. Wilson E. Bergstrand, youth director of the Lutheran Augustana synod, said.

Mr. Bergstrand, who recently represented the American Lutheran Youth at a world council of churches in Geneva, Switzerland, said a youth religious meeting in Hanover, directed by Dr. Lilje this summer was attended by 50,000 young men and women. Before the war attendance at such meetings was about 3,000.

"Some representatives at the world council of churches were, however, not too encouraged about the prospects of reviving religion among the young," Mr. Bergstrand said. "They themselves were too passive, and like their young compatriots their passivity was caused by physical weariness."

"Despite the despair and passivity among the youth there is still hope for their salvation for daily the church is retrieving some of the lost youth."

THINGS TO COME

ERIE, Pa.—Mosquito-netting suits for hot weather are within the realm of fashion possibility, Paul Siple, a War Department biographer, told a General Electric science forum audience.

The netting should be held from the body by means of spacers. "Air flow will not be inhibited, but the skin will be protected from direct solar radiation and visibility," Siple said. "This will then permit the maximum utilization of air movement for comfort."

Confucius is believed to have been born in China in 551 B.C. and to have died in 479 B.C.

LIFE can Begin AFTER 40, IF.

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pains, Lassitude, Loss of Sleep and Energy which so often attack these around 40. For over half a century Dodd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, for the sake of your health and a happier future use Dodd's Kidney Pills today! 125

OUR COMPLETE SHORT STORY—

When The Fire Falls

By GEORGE KAUFFMAN

Copyright
Wheeler Novelty Syndicate

THE snows of Austria glowed with an inner warmth as evening came over the Alps. Day always stays longer in the snow than in the soil. Caught within the drifts it lies hidden from the night in a soft radiant light. A girl was sking down a slope. Her skis cut through the bank like twin rapiers and threw up a flurry of snow as she arched from side to side in the wind. Suddenly she slipped out of sight and crouched behind a ledge like a snow-rabbit hiding from the hounds. "Soon she was joined by another skier, a man."

"The point is," said General Mott, of the Gestapo, "skis leave tracks. Her skis leave tracks. Why don't you follow them?"

Young Captain Kroger hesitated. "Her marks vanish."

"So?" The General thought this over. "Come now, Kroger. You were ski-master at the Hotel Luuck. What did you do while you taught the fat swine of Austria to ski? Just teach them, it seems. And now many of these same Austrians are sking over the Alps to Switzerland. This is fine... fine!"

Hotel Luuck was the ski-retreat of all Europe. Nestled in a glacial valley the hotel sat in the snows like an old hen over her brood of chicks, chalets which dotted the snow slopes. The past clientele never visited the hotel. The Nazi social set had taken it over, and Goering himself gave hunting-skiing parties there for all the European quinquins.

The night General Mott arrived to take a personal hand in the affair of the vanishing ski-tracks, the staff of the hotel had prepared the traditional Fire Fall, an ageless ritual of the peoples of the Alps. From a hanging valley burning embers were dropped, filling the evening with fire-shadows.

The General had finished his dinner on the balcony off his suite. "This is splendid," he said, taking a breath of the brittle glacial air. "One almost forgets there is a war on!" "The war seems very remote in the valleys," said Kroger.

"Then why do the people co-operate with this underground ski-thing?" Kroger remained silent. "The silence of these valleys have affected even mine Captain, no?" "Here is the fire-fall, sir," Kroger pointed out over the balcony. From far up the night the embers began falling down the vast grey glacial walls like fiery serpents.

"Beautiful," murmured the General. "Just like a Nazi torchlight parade."

Then another stream of embers began trailing down the walls. As if pulled down by magnet they began to form a crude V on the night.

"Stop this!" shouted General Mott, jumping to his feet. "Hunt them down. Making a fool of me, they hunt them down!" He turned to Kroger. "What have we ski-troops for?" Go get them. Place guards in all the villages. Shoot any civilian on the slightest excuse!"

Next morning the General was awakened early by his orderly. "We have just received word from field radio, sir, that they have captured the girl."

"Hil! Splendid," laughed the General. "And you needn't tell me but the officer in charge was Captain Kroger."

"That evening the girl was brought to the General by Kroger. "Good evening," smiled the General. "I see you are beautiful. Mysterious women generally are. Tell me. Why do you help these Jews escape into Switzerland?"

"I help all who can no longer fight your inside Austria," she replied in firm level tones. "They continue to fight you elsewhere. This is no tourist business."

"You mean to say that you are just helping the rich escape, but also putting out of our reach these

ACTS 2 WAYS TO RELIEVE MISERIES OF BRONCHITIS

Now get real relief from cough, soreness and congestion of bronchitis—this double-action way that actually

To get all the benefits of this combined PENETRATING-STIMULATING action, just rub throat, chest, and back with Vicks VapoRub as bedtime. VICKS VAPORUB

criminal arsonists, these so-called patriots?"

"Every night and day. And when I am caught, someone else takes my place."

"This is fine... fine!" The General lit a cigarette. "Are you hungry?"

"Yes."

Too bad. I'm not. All of a sudden I have lost my appetite. He thought a moment. "Come. We go down to Vienna—now. Both of us in my car. Kroger, you drive!"

The dull bluish light of the hotel garage clothed the General and the girl in a murky gloom as Kroger drove up with the car. "You see?" explained the General as they got in. "I came here for a rest, but I find a fox. Ha!"

"Pardon," interrupted Kroger. "You seem to be out of petrol."

"Impossible," said the General. "My car is always serviced completely. I'll look in the tank." He got out and bent over the gauge.

A shot crashed out and echoed about the garage like a hollow drum-beat. General Mott slumped to the concrete floor.

A sentry rushed up to Kroger and reported: "Sir, I just shot a man tampering with your car."

"Good work, Corporal... I shall remember you for this."

Captain Kroger drove off. Out in the crystal night, clear and bright between the glacial walls, Kroger called back to the girl, "Climb up front. We have enough petrol for Switzerland."

By ANNE ADAMS

Junior Miss Pattern

Slim princess lines of Pattern 4736 emphasize your slender waist. Three sleeve lengths. Easily made. Flattering flounced hat included.

Pattern 4736 comes in Junior miss sizes 11, 13, 15 and 17. Size 13, dress, requires 2½ yards 54-inch fabric; hat takes ¼ yard fabric.

Send twenty cents (20¢) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Styl. Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

MAY LAST INDEFINITELY

H. Moore, secretary of the food distributors told the British United Press in Winnipeg recently that the shortage in wrapping paper and paper bags is not a temporary one but that it may last a long time, perhaps for years. He says the shortage is caused by the unprecedented demand by the building trade and by UNRRA. He points out that consumers could make their own hold-all shopping bags and suggests oilcloth, especially for the purchase of fresh meats and other commodities that cannot be handled unwrapped.

SUCCESSFUL SEASON

Port Of Churchill Takes Stock After Grain Ships Leave

CHURCHILL, Man.—After the last two grain ships of the year left for England, officials of this Hudson Bay port took stock of its 1946 shipping season and surveyed its hopes for next year.

When the eighth and ninth freighters—the Port Richelleu and the Hill Crest Park—sailed they brought the port's wheat exports this year up to an unofficial 2,800,000 bushels, fifth best season in point of number of ships and possibly the third best in quantity of shipments Churchill has enjoyed.

In addition to the wheat, the Dalgleish line ships which called here this season loaded pit props and some miscellaneous cargo after discharging whiskey, curling stones and china. Every carload of wheat or grain sent to Churchill went over the 100-mile Hudson Bay Railway, a single-track line that cuts through the northern fringes of the Canadian shield and then runs fairly straight over miles of stony muskeg.

Almost all the stevedores and dock workers here were brought in from the "outside". There were approximately 160 men working around the docks and railway sheds.

Showed Gratitude

Skunk Proved It Was Capable Of Showing Appreciation

TORONTO.—Perhaps you never put much thought on the matter, but this story seems to prove that even skunks are capable of gratitude.

At Ontario's Muskoka Lake, a little striped woodchuck was indiscreet enough to get his head wedged fast into a quart jar. As he was pulling and tugging under a summer cottage, the owners heard him and so came to investigate. They decided to shoot him to put him out of his misery but he got away. A few days later the woman of the house came upon the little skunk, his sore head still encased in the jar. Without stopping to figure out the consequences the woman eased the jar over the sun's swollen jaws. And the little fellow—with a long look of gratitude, scampered off into the woods, leaving the woman as scent-free as a windy day in April.

Border Crossing

Aviation Conference Asks That Such Passing Be Made Easier

Simplification of border crossing procedures for pilots of private aircraft was urged at the Northwest Aviation Planning Conference held recently at Butte, Montana.

"While the conference felt border crossing should be made easier," Mr. Rundle said, "representatives from both sides felt safety should be considered. It was stressed that pilots should not fly in strange territory without adequate information of routes."

"In this connection, the conference passed a resolution thanking the Canadian department of transport for its work in locating lost American fliers in Canadian territory."

Caseln is processed into paper coatings, wall paints, adhesives, buttons and other products.

SELECTED RECIPES

COOKING FOR THE CROWD

Nearly every socially-minded housewife is at some time faced with the responsibility of feeding the crowd. It is a smart woman who can pull out of her file a few tried and true recipes for dishes that will adequately serve 20 people or more. Here are some recipes which have been tested in large quantities. These will lighten the burden of the supper committee and add new variety to the menu:

Chicken and Celery Casserole

2 quarts cooked chicken (x)
2 quarts chopped celery
2 quarts white sauce
2 cups corn flakes
Cook celery until tender but still firm. Drain thoroughly. Use water as part of liquid in white sauce. Grease baking pans. Put in layer of diced, cooked chicken. Add layer of celery, another layer of chicken and so on. Pour white sauce over top. Roll corn flakes into crumbs and sprinkle on top. Bake in moderately hot oven (400 deg. F.) for five minutes or until thoroughly heated.
Yield: 20 One-cup servings.
(x) Approximately twice 5-pound chickens. Use chicken fat for white sauce.

Corn Fudding

¾ cup butter
¾ cup flour
1 quart hot milk
4 teaspoons salt
1 cup sugar
2 qts. canned corn, cream style
8 eggs
3 cups oven-popped rice cereal
1 tablespoon butter
Make white sauce; melt butter; add flour. Mix until smooth. Add hot milk slowly, stirring constantly. Cook sauce over hot water, stirring until thickened. Add salt and sugar to corn; mix with white sauce. Beat eggs and add to corn mixture. Turn into greased shallow pans 10 x 1½ inches.

Crush rice cereal into crumbs; melt butter and add to cereal. Sprinkle mixture over corn in baking dish. Place in pan of hot water and bake 15 minutes at 375 deg. F. Lower temperature to 350 deg. F. and continue baking for 45 minutes. Serve at once. Yield: 20 servings.

FORM WORLD ASSOCIATION

The international medical conference held in London decided to establish a world medical association composed of national associations. It will promote closer ties among the various world organizations and among individual doctors with the aim of helping all peoples to attain the highest possible level of health.

Henri Becquerel discovered radioactivity in 1896.

Using New Material

Colored Plastic Replacing Wood

The wooden planks of the Mauritania's decks are to be replaced by colored plastic. This new decking, which is just as strong as wood planking, has a number of advantages over the old type; it is easily washable, does not need painting, and will not absorb oil or grease. This plastic decking is a Cylindex development. Green plastic has been tried successfully in the Blackburn, a vessel in naval service. It is claimed to be springy underfoot, proof against tropical heat or Arctic cold, and will not catch fire. It is restful to the eyes against sea glare.

Another use of plastics in British ships is on the Queen Elizabeth, whose hull is being treated below the waterline with a plastic composition.

Plastic Perspex

To Be Used In Repairing Defective Skulls

LONDON.—The plastic perspex, already extensively used in surgery, is also being used to repair defective skulls, Maj. George Blaine, M.D., reports in a current issue of the medical press.

Facial bones, the article says, could be corrected easily by the use of a plastic that can be molded to required shape. A missing nose or ear could be "masked" with a substance possessing the consistency, coloring and feel of the part to be replaced.

Dr. Blaine stated that certain types of plastics could be absorbed in living tissue.

Concrete and cement are not synonymous—cement is just one of the ingredients of concrete.

THE COLEMAN JOURNAL

Dangerous Shooting

Have we too many young hunters? Judging from the number that are carrying rifles into the woods and the crack of rifles which can be heard from within the town limits it would really appear that we have.

These youngsters scoff at the idea that they are too young to carry a rifle. Their inexperience with firearms plus the cockiness of youth are a dangerous combination. Luckily the Cadet Corps has been organized and will teach many of them safety regulations but the corps will not get all these youths into its organization and there will be constant danger from those who shoot at everything that moves.

To some citizens a quiet walk along the wooded trails was a pleasant pastime. Today that pleasure is apparently denied them as one citizen expressed himself as feeling much safer in the back yard than in the woods when he passes so many youngsters carrying rifles into the woods. Another indication of the thoughtlessness of some is the fact that the Alberta Public Works equipment barn in Carbondale has had its window smashed by bullets.

Cleanliness An Asset

Senator W. A. Buchanan, proprietor and publisher of the Lethbridge Herald, in addressing the Alberta Weekly Newspapers publishers touched upon a point which strikes home.

He was talking on community publicity and he stated that a community whose main street business houses and its residences from either entrance to the community were clean and possessing a coat of paint did much towards giving the community much favorable publicity. First impressions were lasting and the traveller or tourist passing through carried with him the impressions of a clean and thriving little community or a community with a down-at-the-heel expression.

LOW RAILWAY FARES FOR THANKSGIVING DAY

Special reduced railway fares for the Thanksgiving Day week end has been announced by B. F. Dixon, Canadian Pacific agent, Coleman, Alta. The low fares will be available from noon on Friday, October 11th, to 2 p.m., Monday, October 14th and will be good to return leaving destination up to midnight of Tuesday, October 15.

On branch lines where there is no train service on October 11th after 12:00 noon, tickets will be sold for morning trains on that date.

The low rate of single fare and one quarter for the round trip will be good between all stations in Canada and in all classes of accommodation.

THEATRE NOTES

WHEN'S A LADY A BEETLE? COLBERT-WAYNE FILM HIT OFFERS HILARIOUS ANSWER. COMES TO PALACE SATURDAY

A lady who stows away on a train without ticket or reservation in order not to lose sight of two Marine flying officers, is the central figure in Mervyn LeRoy's bright new comedy, "Without Reservations." Claudette Colbert and John Wayne are starred and Don DeFore heads the supporting cast.

GI's have a name for this kind of a lady. They call her a "beetle." But Miss Colbert, who plays the role, is not a "beetle" in the picture. Actually she's a lady novelist on her way to Hollywood in connection with the filming of one of her novels. She meets Wayne and DeFore on the train and she thinks the former would be ideal for the part of the hero of her picture. She finds they have reservations on different trains out of Chicago and that is why she stows away aboard their train. However, the Pullman conductor thinks she's a "beetle," and after a riotous escapade in the club car he's certain of it and puts her off the train. The Marines are chivalrous gentlemen, and rather than desert a lady in distress they join her. Their subsequent adventures in a second-hand car which frequently breaks down make for solid and continuous laughs.

Coleman could profit by the Senator's remarks for Coleman, particularly as one enters from the east could stand to be "dressed up" in many respects.

Should We Extend Town Limits?

A question has come up for discussion during the past few years it being "Should we extend the town limits?" Judging from the latest census figures there must be as many citizens, or more, residing on the fringe of the town area than there are residing in the town proper. In other words we have two communities in one. We have East Coleman, Blairmore Road, Grafton, Willow Drive and Carbondale all immediately outside the incorporated area. Ask any person in these areas in which town they live and they will unhesitatingly state "Coleman."

The town itself is unselfish and the 1700 odd citizens who pay town taxes share their sidewalks, parks, sports facilities, etc., with those from the outside.

It is our candid opinion that the time has come for the boundaries of the incorporated area to stretch further eastwards to absorb east Coleman, Blairmore Road and Grafton. Taxes from these areas could be used to build them up. They require good roads, water service, etc., which they can gain much more quickly within the incorporated area than they could ever hope to gain from the Department of Municipal Affairs.

It is time all helped in Coleman's civic progress and share in all costs instead of just a few paying for the whole.

Board of Public Utility Commissioners of Alberta.

NOTICE

IN THE MATTER OF MILK DISTRIBUTION AND PRICES

NOTICE IS HEREBY GIVEN that whereas the Board of Public Utility Commissioners has received petitions from residents of the Crow's Nest Pass Controlled Area requesting a hearing on the question of milk distribution and prices of milk in the said area;

AND WHEREAS application has been made to the Board by producers and distributors, requesting an increase in the sale price of milk, and an increase in the price to be paid to producers for milk in the said area;

AND WHEREAS the Board has under consideration the decision of all orders heretofore made by it, and effective in the Crow's Nest Pass Controlled area;

THE BOARD THEREFORE has ordered TUESDAY, the TWENTY-SECOND DAY OF OCTOBER, A.D. 1946, at the hour of TEN O'CLOCK in the forenoon at the Court House, Blairmore, Alberta, as the time and place for an inquiry into the matters in issue, at which time and place the Board will hear all persons who desire to make representations respecting such applications.

DATED at Edmonton, in the province of Alberta, this 7th day of October, A.D. 1946.

THE BOARD OF PUBLIC UTILITY COMMISSIONERS.

(Signed) BRUCE V. MASSIE, Commissioner

WHY DID JESUS CHRIST DIE ON CALVARY'S CROSS?

—TO TAKE THE PUNISHMENT OF YOUR SIN—

How Can You Be Saved?

1. Repent - Luke 13:3.
2. Believe - 1 Corinthians 15:3 and 4.

(a) That Jesus Christ died on Calvary to take the punishment for your sin.

(b) That He rose from the dead. 3. Simply say "Thank You" to the Lord for shedding his precious BLOOD on Calvary to take the punishment for your sin.

Matthew 26:28; 1 John 1:7, 10.

4. Confess Christ Before Men.

Matt. 10:32 and 33.

Romans 10:9 and 10.

How Do You Know You Are Saved?

JOHN 1:12

"But as many as received Him to them gave He power to become the sons of God, even to them that believe His name." Your Part - "Whosoever Believeth in Him."

God's Word "Shall Not Perish but have everlasting life." John 3:16

NOTE: There is only one way into Heaven - through the shed blood of Jesus Christ - Matt. 26:28.

There is no other WAY. - John 14:6.

Inserted by a teacher of the Gospel

Lions Hear Address

(Continued from Page 1)
selves, it is only then when they find their employer checking back on their activities at school that they realize just how much their behaviour in the past will stand in good stead in the future.

Youth organizations can do a great deal to take up the time of a young boy and girl and allow him a chance of self expression. A Scout troop in any of the towns and similar organizations that are sponsored by various church groups, do much to help prevent juvenile delinquency. I do not know just what action may be taken by this club to further work among juveniles, but I feel that every effort should be made to find out the needs and desires of the youth, in this district and to help them put across any good ideas they may have. When considering the problems of the boy and girl we think and discuss it a great deal but when it comes to putting it into use, we find that the expense involved usually prevents the carrying out of these plans as was originally intended.

Along with what I have already mentioned, there is one great responsibility that belongs to you and me. The development of proper recreational facilities. Swimming pools, playgrounds—not merely the building of a swimming pool or skating rink for the young people—if they want to go, but the establishment of competent leaders to encourage the use of these recreational facilities. It is a proven fact that where properly supervised playgrounds and other recreational activity exist, the delinquency rate is high. So, let's do something to keep the kids off the street corners—that is where the criminal of tomorrow is born.

Following Constable Shields' address it was the opinion of club members that a committee be set up to study the question of organizing a youths' club in Coleman. Further each meeting in the future will see two high school students invited to club meetings as guests of the club. At a date to be determined a fairly large number of students will be invited to a special supper-meeting as guests of the Lions.

Alberta Weeklies

(Continued from Page 1)
storage vaults. The plant itself cost over a million dollars and employs quite a few Picture Butte residents.

In addition the factory plus irrigation has brought great profit to what was once dry land and where the farmers were oft times hard pressed to make ends meet.

The Journal was represented by Mr. and Mrs. T. Holstend and Mr. and Mrs. A. Balloch. Mr. Balloch was once again elected to the board of directors.

Cadet Notes

On Saturday last the first group of cadets went up to shoot off their "before" test which is taken before starting the Johnson coaching course. Another group shot off their test on Tuesday. The remainder of the cadets will shoot when the weather permits.

The scores were surprisingly poor and shows that the course will be of much value to the boys.

Only two or three boys turned in a fairly good score.

Mr. B. Price has now joined the instructional staff as signals specialist. He served in a branch of the Airforce (Air-sea-rescue) in which a knowledge of all forms of signals is essential. Arden Dixon, a senior cadet with experience in the Sea cadets, has taken on the instruction of "Knots and Splices."

No one can say that the three services do not give one another full measure of co-operation.

New recruits will be received up until Oct. 15, on which date the nominal roll must go in so that each cadet will get his year's supply of ammunition.

Any boy who was 12 on Sept. 1st may join and boys who have not reached 18 years by the game date may also join.

WM. JAMES COUSINS, LT.

S. A. T. (RIFLE) COACHING
Small arms training (S.A.T.), which is one of the most important courses of Royal Canadian Cadet Corps training, was introduced in its present form by Lt. Col. Steve Johnson during the second world war.

During the first war, Canadians

were first class rifle shots and required very little training, but as the country became better settled and more and more people worked in offices and factories, skill with a rifle became almost a lost art.

So poor were some of the early recruits with arms that many were injured and actually became gun-shy. The situation was so serious that the government called in a man who not only was a Blaisie shot himself but had taught boys in his own school especially at Wayne, Alberta where he was principal and cadet instructor to shoot so well, that they became Blaisie shots as well.

Steve Johnson and his assistants worked on the ranges at Sarcee Camp and other points and finally emerged with the course which was taught so successfully to the Canadian Army.

One of the assistants, Sgt. Maj. Warren is the specialist in rifle coaching of MD 13's Cadet division. He comes around regularly and checks the whole idea of the course—scientific bracing versus brute strength, and a coach for each man shooting, with the feeling of relaxation and comfort while on the firing point.

Safety precautions are taught and enforced at all times.

R. HLEUKA, CCAPT.

MR. AND MRS. WM. COLE GIVEN SURPRISE PARTY
Mr. and Mrs. Wm. Cole, Bellevue, were pleasantly surprised on Sunday evening when many Pass friends called at their home to honor them and spend a social evening.

The gathering came from as far west as Natal and as far east as the Harry Meade's ranch. They met at the home of Mr. and Mrs. Reg. Hughes and then proceeded to the Cole estate.

Attending from Coleman were Mr. and Mrs. J. R. Kerr, Mr. and Mrs. L. S. Richards and Mr. R. Shone.

Fire! Fire! Fire!

In these days of anxiety and need, when every means at our disposal is being utilized to defeat the Demon of war, it is important that we give more attention to the conservation of our resources. The Dominion Government has pointed out this necessity, and has recently issued a Proclamation, Dominion wide in effect, calling upon the people to husband their resources, and with a view to this end has proclaimed the week of

October 6th to 12th FIRE PREVENTION WEEK IN CANADA

YOUR CO-OPERATION IS EARNESTLY REQUESTED
Frank ABOUSSAFY, Mayor. Wm. ANTEL, Fire Chief

GENERAL

Q What are Canada Savings Bonds?

A Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

Q Why are Canada Savings Bonds being offered?

A Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

Q Is the Government selling Canada Savings Bonds just to raise money?

A No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bond is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

Q Is there any limit to the amount of Canada Savings Bonds that one person may hold?

A Yes. There is a limit of \$2000 for each individual, but each member of a family may hold bonds up to the limit.

Q What is the price of Canada Savings Bonds?

A 100%. That is, a \$100 bond costs \$100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

Q In what denominations are Canada Savings Bonds available?

A \$50, \$100, \$500 and \$1,000.

CASHING OF BONDS

Q Can I cash my bond at any time before November 1, 1956?

A Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2 1/2%, upon your identification as the registered holder.

Q Can Canada Savings Bonds be assigned or transferred?

A They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

INTEREST COUPONS

Q What interest is paid on Canada Savings Bonds?

A 2 1/2%—payable yearly on November 1st from 1947 to 1956, by coupon cashable without charge at any branch in Canada of any bank.

Q Are interest coupons registered?

A No. They are payable to bearer.

REGISTRATION PROTECTION

Q Why is it necessary to register Canada Savings Bonds?

A Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the \$2,000 limit.

Q In whose name can Canada Savings Bonds be registered?

A They can be registered only in the name

of one individual, adult or minor, up to the amount of the authorized limit.

Q Can Canada Savings Bonds registered in the name of a child be cashed?

A Yes. Banks are familiar with the necessary regulations.

Q Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?

A Yes, any bank will supply the necessary information.

Q Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?

A Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

HOW, WHEN AND WHERE TO BUY

Q Where can I buy Canada Savings Bonds?

A At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company—or through the payroll savings plan if this is in operation at your place of employment.

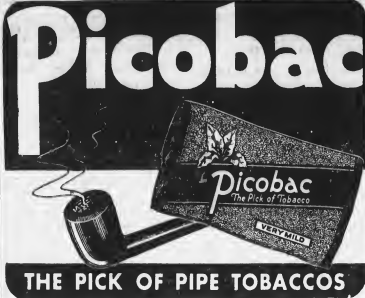

Q How do I pay for Canada Savings Bonds?

A In any of the following three ways:

1. By payment in full at time of purchase.
2. By monthly instalments through a bank, trust or loan company.
3. By regular deductions from pay, where employers operate the Payroll Savings Plan.

8 out of 10 will buy again....

Canada Savings Bonds

Immigration Policy

THE SUBJECT OF IMMIGRATION is receiving a great deal of attention in Canada today. It came up frequently in debates during the last session of Parliament, and at that time it was announced that an inter-departmental committee was preparing a post-war immigration policy. The matter was also brought up in the Upper Chamber, when the Senate Immigration Committee brought in a report in which it was urged that a vigorous policy of selective immigration be commenced as soon as shipping space becomes available. It also stated that the subject of immigration is of the greatest importance to the people of this country "if we are to hold our place abroad and improve and maintain our standard of living at home."

Little Hope For Future

Canada has some 3,500,000 square miles of territory including large areas where there are valuable resources and rich land waiting to be developed. In view of these facts, the question has frequently been raised as to whether the present population of 12,000,000 people can expect to remain in exclusive ownership of so much land, when in other parts of the world overcrowding and many industrious, deserving persons, look to the future with little hope if they must remain in their present surroundings. Those who favor an extensive immigration program stress that it must be on a highly selective basis and that all those admitted must be the type of people who would be an asset to the Dominion.

Changes Made In Regulations

In 1931, when there was widespread unemployment in Canada, the immigration laws were amended, and unrestricted immigration was limited mainly to British subjects, citizens of the United States, and a few others in special categories. These regulations are still in effect, although recently arrangements were made to admit relatives of Canadians from foreign countries. If the Canadian relatives can guarantee to provide for them and arrange for their accommodation. It was also decided to admit some 4,000 unmarried Polish veterans who had fought in company with the Canadian Army in Italy. These men were brought into Canada on the understanding that they would work on farms for at least two years after their arrival. There is a strong opinion among many individuals and organizations throughout the Dominion in favor of a selective policy of immigration which would build up the population, settling our unoccupied land and providing wider domestic markets for the products of our farms and factories. There will be great interest shown in whatever action is taken in regard to this matter during the coming months.

New Drug

Streptomycin Is Effective When Penicillin Does Not Respond

Certain infectious diseases respond effectively to penicillin and streptomycin treatment. Dr. J. A. Dauphine, Toronto, told a convention of the Manitoba Medical Association held in Winnipeg.

Streptomycin, a fairly new drug, is not yet generally available to the profession although an increase in supply was anticipated. He said. The use of the newer drug will be effective in the treatment of certain infections which will not respond to penicillin therapy.

Price Control And Rationing Information

Q.—What are the numbers in ration book five of the ration coupons which will not be declared valid?

A.—The following coupons in ration book five will not be declared valid: R22, R23, R24 and R25 which were exchanged for butter, and Q5 to Q25, which were used for the purchasing of meat.

Q.—Is the paper situation really as serious as our merchants would like us to believe?

A.—The paper bag and wrapping paper supply is very serious, and will continue to be for some time. Housewives can greatly co-operate with the merchants by always carrying a shopping bag when they go shopping. Fruits, vegetables, canned goods and packaged goods can be packed in the shopping bag without additional wrapping paper.

Q.—Several months ago, we are given priority on a new car. Now the dealer tells us that the priority certificate is of no value, and that he may sell his cars to anyone he pleases. Is this correct?

A.—Yes, your dealer is correct. Regulations governing priority certificates and the distribution of new cars were lifted as of August 15, 1946.

Q.—I have an error in my new ration book. Should I return it to the local ration board in my district?

A.—Return your book immediately to the local ration board for adjustment.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

High-Speed Building

Houses Are Constructed In Record Time Under New Method

A new system of high-speed precast building which enables houses to be completed within one week has been introduced by a Sheffield, England engineer-builder. The technique involves the use of molds of steel casting, which turn out cellular concrete sections faced with imitation brick, stone chippings or pebble like pieces of glass all dovetailed to make a rapid and complete fit.

To Keep Witchcraft

Home Secretary Says This Is No Time To Repeal Act

LONDON.—Home Secretary Ede says this is no time to think about repealing the Witchcraft Act of 1735. The act might come in handy to check "unscrupulous exploitation of personal loss and bereavement," he told the Spiritualists Union, which had protested that the law hampered mediums.

Mr. Ede assured the mediums they need fear no prosecution unless there was evidence of "fraud or imposture."

IT CERTAINLY TAKES THE WORK AND WORRY OUT OF BREAD BAKING!

NEW Faster Acting ROYAL Ends Overnight Bothers—Risk!

NEW Fast Rising Royal is here! The modern baking discovery that lets you do all your baking in a few hours... by daylight! No "setting bread" the night before—no baking disappointments because dough spoiled during the night when the kitchen temperature changed. New Fast Rising Royal is ready for action 10 minutes after it's dissolved in water!

And the rich, home-baked flavor of bread baked with New Fast Rising Royal will make your family brag about your baking more than ever. You get 4 packets in each carton of New Fast Rising Royal—4 large loaves to a packet. Stays full-strength, ready for immediate use, for weeks on your pantry shelf. At your grocer's—now!

SMILE AWHILE

Jones: "Heaven bless him! He showed confidence in me when the clouds were dark and threatening." Robinson: "In what way?" "He lent me an umbrella."

Don't worry if your job is small, and your rewards are few; Remember that the mighty oak Was once a nut like you.

"What makes you look so dirty?" asked the neighbor.

"Well," replied the little lady of five, "you gave my brother a dime yesterday to wash his face."

At a local concert for the troops an amateur soprano "obliged". She sang, or, rather, she warbled all over the notes.

At the finish there was a short silence, broken by one or two hand-claps. Then a husky voice came from the back seats:

"Now give us the 'All Clear', missus."

Call: "I am so sorry your mistress is out. Do you think she will be at home this evening?" Maid: "She'll have to be; it's my night out."

Tourist—Pardon, sir, but what do you do with all that corn? Farmer—Well, we eat what we can and what we can't we can.

Tourist—Oh, I see.

Tourist's Wife (to husband)—What did he say, dear?

Tourist—He said, they ate what they could, and what they couldn't they could.

The teacher had recited "The Landing of the Pilgrims." Then she requested each pupil to draw from his or her imagination a picture of Plymouth Rock.

Most of them new men went at once, but one little fellow hesitated and at length raised his hand.

"Well, Willie, what is it?" asked the teacher.

"Please, ma'am, do you want us to draw a hen or a rooster?"

Binks: "I'm the happiest man in the world. I have the best wife in the country?"

Banks: "Well, you wouldn't be happy with his wife in the country?"

Mr. Smith: "Your wife used to be nervous now she doesn't seem to show a sign of it. What did you do for her?"

Mr. Brown: "That was easy; the doctor simply told her her nervousness was a sign of age."

Youthful Father: "Our baby is beginning to recite 'Baa, baa, black sheep, have you any wool?'"

Neighbor: "And he's only eight months old?"

Father: "Well, he doesn't say all of it yet, but he's got as far as the 'Baa, baa'."

LESS EXPENSIVE

The ancients blamed the planets for their troubles. That was less expensive than maintaining a government to blame things on, says the Brandon Sun.

Gazelle Boys

Who Run Fifty Miles An Hour, Now Number Up To Five

JERUSALEM.—Gazelle boys—they eat grass, run 50 miles an hour and speak only the language of their foster parents—are enlivening this year's silly season in the Near East. First reported in Trans-Jordan some weeks ago, the gazelle boys now number five. Each story is a little better than the last one.

The original report was that three hunters seeking the gazelle-antelope with large, friendly eyes—had found a 14-year-old boy living with a herd. They gave chase in a car going 50 miles an hour, captured the boy and took him to a hospital where he would eat nothing but grass and mumbled inarticulately. The story was told in Palestine and Trans-Jordan bars and found its way into print.

Later it was learned the boy was the son of a Bedouin family living in the neighborhood and was mentally deficient. He is now in a hospital. He doesn't eat grass.

The other Gazelle boys subsequently turned up in Trans-Jordan, Iraq, Syria and Lebanon. One, the wags say, is being trained by oil companies to do a 60-mile-an-hour pipeline patrol. Another, according to the latest story, is being taught English by professors at the American University at Beyrouth, so they can learn what the Gazelles talk about besides love.

Uniform Trouble

Vancouver New Police Are Forced To Wear Plain Clothes

VANCOUVER.—The clothing shortage is interfering even with the city police department.

Board of Police Commissioners has learned that it takes "three, four or five months" to get new police uniforms.

"We have our new men going around in plain clothes, and we can't use them properly that way," said Police Chief Alex McNeill.

GEMS OF THOUGHT

DEEDS

Not by birth does one become an outcast.

Not by birth does one become a noble.

Through deeds it is that one becomes an outcast.

Through deeds it is that one becomes a noble.—Sutta

Goodness and philanthropy begin with work and never stop working. All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches.—Mary Baker Eddy.

Let us decide honestly what we can do, and then do it with all our might.—Amelia D. Barr.

It is the little things well done that go to make up a successful and truly good life.—Theodore Roosevelt.

Every man feels instinctively that all the beautiful sentiments in the world weigh less than a single lovely action.—James Russell Lowell.

I must do something to keep my thoughts fresh and growing.—James A. Garfield.

Used to Wake Up with a Headache

Now Fresh and Lively Every Morning

Here is a man who woke up most mornings with a dull headache. What a dismal way to start the day! But Kruschen transformed his life, according to his letter:

"I used to wake up in the mornings with a dull headache. A year ago, I started taking Kruschen Salts regularly. Today, I wake up fresh and lively and can do my day's work without undue exertion. I find Kruschen Salts a great help, and have not been so healthy for a long time. I can recommend Kruschen for anyone suffering from headaches and constipation. I'll never be without Kruschen as long as I live!—E.P.

Dull headaches such as this man suffered from can often be traced to a disordered stomach and to constipation because of waste material which remains in the system. A small dose of Kruschen taken regularly in the morning promptly helps to remedy this condition. And that is how Kruschen acts to relieve such headaches.

Try Kruschen for relief of morning headaches and sluggish feelings. 25c and 75c at all drug stores.

Bagpipes Popular

Scottish Tourist Committee Believe They Are Attraction To Tourists

EDINBURGH.—The music of the bagpipes was advocated as an added attraction for visitors to the land of the heather and the mist.

Tourist-seeking Scots said, however, that salmon, venison and trout might prove more palatable to the alien than the native haggis—a sort of pudding of offal, oatmeal and spices.

The importance of the bagpipes to the tourist trade was emphasized in a report by the tourist committee of the Scottish Council on industry published recently which added that Scottish music and displays of Highland dancing would prove "a very popular form of entertainment."

The Prince Albert coat was named not for the consort of Queen Victoria but for the oldest son, later King Edward the VII.

An ordinary sneeze travels two or three feet.

CANADA HAS NEW IMPROVED SEARCH AND RESCUE PROGRAM WHEN AIR ACCIDENTS OCCUR

OTTAWA.—A new and improved program for a Canadian search and rescue organization in the case of air accidents has been assigned by the government to the R.C.A.F. and Dominion transport department to work out, including co-operation between military and civilian units. This work has been speeded up as the result of the recent fatal accidents in Newfoundland, as well as others in the United States and Canada.

Under the recommendations of the provisional international civil aviation organization, with headquarters at Montreal, Canada has certain obligations in search and rescue tasks for missing airplanes, whether military or civilian. The R.C.A.F. already has such rescue units organized on both the Pacific and Atlantic coasts and the northwest staging routes. They have always given aid regardless whether a military or civilian craft is lost.

The new program, however, envisages placing sole responsibility on the R.C.A.F. for this humane work. Undoubtedly, more equipment and funds will be required. The R.C.A.F. already has airborne lifeboats which may be dropped at sea. But the recent Newfoundland accidents have proved the great need for helicopters, especially in the case of such wilderness accidents, as rescue equipment. The department of transport and the R.C.A.F. are now engaged in discussing plans for setting up emergency air search units, and undoubtedly the government will be asked to provide more equipment.

WILL FORGET DEBT

Ottawa Druggist Is Writing Off Small Amount Owed By Ribbentrop

OTTAWA.—Harry Skinner, an Ottawa druggist, read of the death sentence imposed on Joachim von Ribbentrop, former Nazi foreign minister, and said he was ready to forget a 38-cent debt.

Von Ribbentrop was once quite a figure in Ottawa social circles. He came to the capital in 1913 and was well established when he left hurriedly a few days before war was declared in 1914.

Just before he departed he hustled into Mr. Skinner's store, made a few small purchases, explained he was short of cash and said he would drop in and pay the next morning. Mr. Skinner said he was ready to forget about it because Von Ribbentrop had said other things to him about.

TO WORK IN NORTH

THE PAS, Man.—R.C.A.F. Lancaster converted bombers, operating from bases at Churchill, The Pas and Fort Smith, next summer will photograph Arctic Canada north of the 66th parallel. During the past summer three Mitchells photographed 250,000 miles of uncharted territory in the northwest territories and northern tips of the three prairie provinces.

FIRE ON LINER

LIVERPOOL, England.—Fire was extinguished within 20 minutes in the Cunard White Star liner Mauretania at her dock here. The fire was in a storeroom and was confined to smoldering cork insulation. There is no suspicion of arson but an enquiry will be held.

ALLIED AUTHORITIES IN THE GERMAN OCCUPIED ZONES ARE STILL FACING MANY PROBLEMS

LONDON.—Aftermath of the Nuremberg trial faces the Allied authorities in Germany with decisions concerning the fate of tens of thousands of Nazis provisionally detained for security reasons.

It had been expected that the verdict on "criminal organizations" would create the legal basis for a permanent solution in all cases, whether the detained men are military leaders, S.S. men, high officials of the Nazi government, or Nazi party activists.

It has done so in many of these cases, but acquittals of both individuals and organizations may force the Allies to consider whether a man can be free of criminal responsibility and yet so deeply implicated politically in the activities of the Nazi regime that it would be unsafe to free him.

Under the Nuremberg verdict, a man will be considered a member of a criminal organization if he:

1. Belonged to the Nazi corps of political leaders in a position of command, to the Gestapo or S.S. (Security Service), or to any formation of the S.S. as a non-conscript member in time of war.

2. Can be proved to have had knowledge of the general activities of a criminal character, pursued by these organizations.

ACCORD NEEDED

Has Become Urgent Necessity For World Peace Says Marshal Smuts
PARIS.—Prime Minister Smuts of South Africa declared that while assurances by Prime Minister Stalin are welcome, events in Paris and in the U.N. security council show a more specific accord between the great powers on general policies has become an urgent necessity.

Field Marshal Smuts expressed the view that war on an international scale is very improbable for at least a generation, and perhaps also for the generation thereafter, but added: "I do not see the new spirit or temper in the world on which we can safely build any assurance of world peace in a more distant future."

He made the remarks in a speech broadcast from Paris by the B.B.C. He is the end of United States isolation from the peacetime world affairs perhaps the most reassuring feature today and said another encouraging feature was the change in British policy. "British imperialism is no more," he said.

JOBS ARE OFFERED

Farmers And Ranchers Around Swift Current Would Hire Polish Veterans

SWIFT CURRENT.—Definite word that some of the Polish war veterans being brought to Canada under a federal government scheme will be allocated to Swift Current district has been received by D. A. Kane, employment officer here.

About a dozen farmers and ranchers of the district, who had anticipated such a move locally, have already applied for permission to hire the men.

Federal regulations are that the men must be paid a minimum of \$45 a month and contracted for at least one year.

WEATHER IS FACTOR

Canadian Firm Making Furniture To Suit Conditions In England

COLLINGWOOD.—A reconverted aircraft plant here is making knocked-down furniture for the English market—and weather is making a difference in the humidity between this locality and the places to which the furniture is sent, the factory, scene of a new Canadian industry, has been fitted with humidifiers tailored to duplicate atmospheric conditions in England.

The plant is busy on an order for 15,000 bedroom suites, 2,000 of which have already been despatched to England, where they are assembled and finished.

CANADIAN APPLES

B.C. Making First Shipment Of 80,000 Boxes To Britain

HALIFAX.—The first shipment of British Columbia apples through Halifax this year will be loaded aboard the freighter Pacific Enterprise, scheduled to sail for the United Kingdom on the 21st of this month, the vessel agents said.

About 80,000 boxes will make up the shipment from the west coast. The freighter will also load 20,000 barrels of Nova Scotia apples.

SUCCEEDS WALLACE

W. Averell Harriman, U.S. ambassador to Britain has been chosen to succeed Henry A. Wallace as U.S. secretary of commerce. Mr. Harriman plans to go to Paris within the next few days to talk with James F. Byrnes, Secretary of State. His former post in the London embassy is one to which he graduated from the U.S. embassy in Moscow. Prior to his service as ambassador to the Soviet Union, Harriman had served President Roosevelt as a top official of the National Recovery Administration and on special missions to London and Paris.

HELPS TWO WAYS

VANCOUVER.—Students of the University of British Columbia have contracted to sell their blood in aid of the campaign to raise funds for a memorial gymnasium. Students will donate their blood at Shaughnessy military hospital and give the proceeds—\$20 a pint—to the fund.

If you keep your dustpan well waxed, you will find it always looks clean, and the dust and dirt slips from the pan more easily.

THRIFTY-MINDED CANADIANS will buy Canada Savings Bonds

and maintain the savings habit learned during the Victory Loans of war years. Here are \$70,000,000 worth of the new Savings Bonds being wheeled out of one of the huge Bank of Canada vaults at Ottawa preparatory to being distributed to banks and other financial houses where they go on sale. Joan Gilmour (left) and Gwen Tellock have been Bank of Canada workers through most of the wartime government loans. Cms. W. J. Gairns, R.C.M.P., doesn't seem to find this kind of guard duty very irksome.

LOSING MONEY—KAISERS SAY. Peanuts don't matter when you're dealing in coconuts, Henry Kaiser, shipbuilding tycoon, told a Washington committee investigating wartime profiteering. "How can I remember mere million-dollar details in a billion-dollar business?" the builder demanded. He is shown, right, with son Edgar F. Kaiser. They're losing money, they say.

WANT EXTENSION

Railway Into Peace River Area Is Aim Of B.C. Government

VANCOUVER.—The British Columbia government is determined the Pacific Great Eastern Railway must be extended into the Peace River area, Premier John Hart told the Vancouver board of trade.

Mr. Hart did not indicate who will extend the rail line or the route it will take. He said this would depend largely on surveys now being made. Factual negotiations with interests who may carry out the extension would proceed when survey data was complete.

The premier said it was estimated to extend the line as far as Dawson Creek, B.C., there to connect with northern Alberta railways, would cost \$50,000,000.

The provincial government had initiated the surveys to determine the best route and to check reports of coal deposits, oil and other Peace River resources.

NON-STOP FLIGHT

Plane Made Trip From Australia To U.S. In 55 Hours

COLUMBUS, O.—When the Truculent Turtle, navy patrol bomber, landed at Port Columbus it completed a record-breaking non-stop flight of 11,227 miles from Perth, Australia. The unofficial elapsed time was 55 hours and 18 minutes.

The twin-engine Lockheed Neptune P2V, carrying a crew of four men and a baby kangaroo, thereby exceeded by 3,321 miles the non-stop mark of 7,916 miles set last November by the army's B29 "Dream Boat".

SALE CONCLUDED

BORDON, Hampshire, England.—The month-long sale of 10,000 former Canadian army vehicles which concluded here realized £817,477 (\$3,289,190), auctioneers said.

NATION MUST GUARD AGAINST SOWING SEEDS OF FUTURE WAR SAYS STATE SECRETARY BYRNES

PARIS.—State Secretary James Byrnes of the United States said that "the conflict of viewpoints among the allies" is serious, but echoed a recent statement by Prime Minister Stalin that there is no immediate danger of war.

Mr. Byrnes spoke at a luncheon of the American club in Paris.

"After every great war which has been won by the combined efforts of many nations, there has been a conflict among the allies in the making of peace," Mr. Byrnes said in his prepared address. "It would be folly to deny the seriousness of the conflict in viewpoints among the allies after this war."

"To ignore that conflict or minimize its seriousness will not solve the conflict nor help us along the road to peace."

"To exaggerate that conflict and its seriousness on the other hand, only makes more difficult the resolution of the conflict."

"I cannot meet heartily in the view recently expressed by Generalissimo Stalin that there is no immediate danger of war. I hope that his statement will put an end to the unwarranted charges that any nation or group of nations is seeking to encircle the Soviet Union, or that the responsible leaders of the Soviet Union so believe."

He added the hope that Gen. Stalin's words would dispel the unwarranted charges that the United States is seeking to use its possession of the atomic bomb as a threat of force against the Soviet Union.

However, Mr. Byrnes said, American foreign policy will continue to follow a strong line.

"Just because war is not now imminent, we must take the greatest care not to plant the seeds of a future war. We must seek less to defeat our actions in the eyes of those who agree with us, and more to defend our actions in the eyes of those who do not agree with us."

The major portion of his speech was devoted to his views on the future control of Germany. He amplified in some respects his recent speech at Stuttgart and the 40-year treaty that he proposed last spring for keeping Germany disarmed and demilitarized.

The United States, he said, "is firmly opposed to a struggle for the control of Germany which would give Germany the power to divide and conquer."

"It does not want to see Germany become a pawn or a partner in a struggle for power between the east and west."

The occupation of Germany should be continued, he said.

REPORT FROM THE DOMINION BUREAU OF STATISTICS SHOWS WHEAT EXPORTS MAY BE LOWER

MEN ARE NEEDED

To Bring Canada's Army And Air Force Up To Full Strength

OTTAWA.—Canada's peacetime army and air force has come into official being with both services short of their full peacetime complement, but the transition from "interim" to "peacetime" titles was purely a technicality.

Canada's peacetime army, slated eventually for 35,000 members, now has about 12,000 or 13,000 personnel. This includes about 2,800 officers—nearly the required number for the permanent force—but vacancies are still to be filled in specialist branches such as the medical corps and engineers.

The R.C.A.F., which has a peacetime goal of 16,100 officers and men, has accepted more than 9,100 of all ranks for its permanent establishment. Recruiting is going on at the rate of 400 to 450 a month, and it is expected to take a year to bring the permanent force up to full strength.

ANXIOUS TO HELP

OTTAWA.—The people of Normandy, where many Canadian servicemen died in the invasion of Europe, are anxious to adopt the graves of the Canadian war-dead and lend them for Canadian relatives, the French information service said.

OTTAWA.—Total supplies of wheat for the 1946-47 season have been estimated by the Dominion Bureau of Statistics at 510,000 bushels on the basis of the first official estimate of 440,567,000 bushels for Canada's 1946 grain crop and an estimated carryover at July 31 of 70,000,000 bushels.

In its monthly reviews of the world wheat situation, the bureau said that would leave total supplies approximately 54,000,000 bushels less than in 1946 and would put exports during the coming season "seriously below" the 340,000,000 bushels shipped last year.

Production of the 1946 U.S. crop was placed at 1,167,000,000 bushels, 44,000,000 bushels above the previous record of 1,123,000,000 bushels in 1945. The carryover of old wheat at June 30 was estimated at about 101,000,000 bushels which, added to the new crop, gives a total supply of 1,268,000,000 bushels for the 1946-47 season, compared with total supplies of 1,404,000,000 bushels for 1945-46.

While exports from the United States during the current season will depend upon the urgency of demand, present plans call for the shipment of about 275,000,000 bushels, more than 100,000,000 bushels below the export figure of the last season.

Moisture conditions have been "extremely favorable" for the new grain crops in Argentina and an estimated 16,200,000 acres have been seeded to wheat this year. Assuming an average yield, total production may exceed the 200,000,000-bushel mark, about 60,000,000 bushels more than the amount produced in 1945-46.

Offsetting this more favorable production outlook is the threat of extensive locust damage and the likelihood of an extremely low carryover of old-crop wheat at the end of this year. Consequently, total supplies for the 1946-47 season are not likely to vary significantly from those of the present season.

Devastating drought in the major wheat-producing state of New South Wales has sharply reduced earlier Australian prospects for a substantially increased wheat crop this year against the 144,000,000-bushel crop of 1945-46. Early-season forecasts indicate the new crop may not exceed 155,000,000 bushels.

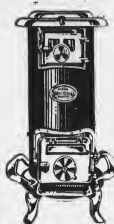

QUESTION SETTLED

Vote On Free Navigation Of Danube River Carried Eight To Five

PARIS.—The American demand that the principle of free navigation of the Danube river be written into all Balkan peace treaties was accepted 8 to 5 by the Balkan economic commission over the loud protests of Russia.

Senator Arthur Vandenberg (R., Mich.) made his maiden speech before the peace conference in presenting American demands for internationalization of the river which is considered to be the most important single transportation artery in the economic life of Europe.

The Balkan commission, under Big Four orders to halt lengthy speeches, acted swiftly after American and Russian arguments on the proposal. The vote disposed of one of its most hotly contested problems only five days before the deadline for completion of all work in commissions.

LOCAL NEWS

Mrs. S. B. Ryan returned home on Monday morning from a visit to Calgary.

Mack Stigler has been a patient in the local hospital for the past two weeks.

Bill Naylor, of Calgary, is the guest of his parents, Mr. and Mrs. J. Naylor.

Mrs. John McGregor, of Calgary, is the guest of her parents, Mr. and Mrs. Wm. Gate.

Mrs. O. Celli and sister, Mrs. Art. Milley were Lethbridge visitors at the week end.

Miss Audrey Holstead visited relatives at Macleod and Spring Point at the week end.

Mr. and Mrs. Harold Maalen, accompanied by Mr. Charles Vale, visited relatives at Claresholm last week.

Mrs. E. V. Wood, matron at the local hospital, has returned from a vacation spent at Edmonton and Jasper.

Mrs. R. Schmidt, of Twin Butte, is spending a few days holiday with her parents, Mr. and Mrs. J. J. McIntyre.

Miss Josephine Michalek has returned home following two months vacation with relatives at Edmonton.

Mr. Charlie McIntyre left at the week end for Minneapolis where he will take a course in hospital Technology.

Mrs. Wm. Burrows jr. and young daughter, of Cranbrook, were the guests of Mr. and Mrs. Wm. Burrows sr. last week.

Mr. John Salvador was in town on Wednesday morning. He had just arrived from Banff where he had made a business trip and was enroute home to Creston.

Mr. Bill Naylor has purchased the latest Mercury Coupe to arrive at Coleman Motors. Bill has secured a position as a traveller with a Calgary building supply house.

Mr. and Mrs. Tom Beveridge, of Vancouver, are visiting relatives and friends in Pass towns. At the present time they are the house guests of Mr. and Mrs. Tom Duncan, of the Bellevue Inn.

The Journal acknowledges with thanks renewal subscription received during the week from Mr. Foss Boulton, of Waterton, Mr. J. A. Altomare, of Natal, and Mr. Garfield Jones, of England.

Mr. and Mrs. Harry Holmes, the former's brother who has been their guest, and Bob Pattinson left on Tuesday for a hunting trip to last a week or ten days and which will see them visit Brooks and other Alberta hunting districts.

The Cub, ice cream and Confectionery parlor in west Coleman, is to have a neon sign placed above the door way reading the "Cub Counter." The sign has already arrived and measures three feet by six. Modern Electric will install the sign.

Mr. and Mrs. Arthur E. Graham are vacationing in Edmonton where they are the guests of their son Jack, university student. Jack has only recently returned from Yellowknife, NWT, where he has been working during the summer months.

Mr. Owen Jones, son of Mr. and Mrs. Lewis Jones and who has received his degree in engineering at the Alberta university, is now studying for law at the university. During the past summer he had been working at Seebe on a construction project.

Mr. Bruno Pylars, has completed a course in Practical and Theoretical Radio and Television and has been awarded a diploma by the National Radio Institute of Washington, DC. He finished the prescribed Course of technical studies with creditable grades and is to be congratulated upon his achievement.

Mr. and Mrs. H. Smith visited at Granum at the week end.

Mrs. Andy Montalbetti was a week end visitor at Lethbridge.

Mr. and Mrs. Leonard Sambell who have been visiting the latter's parents, Mr. and Mrs. Joe Emmerson, left this week for their home in Vancouver.

Mrs. J. Robinson and young daughter Sue, of Calgary, are the guests of the former's parents, Mr. and Mrs. A. Beveridge.

RAGS WANTED—Must be soft and clean. Will pay 10c per pound. Call at The Journal office.
